

WIFE SAVERS

Waffles.—Two cups flour, two teaspoons baking powder, one egg, salt, one teaspoon sugar, milk added gradually to make a thin batter. A little sugar added to batter

makes them brown. Too many eggs make tough waffles.

Mint Sauce.—Gather fresh mint in early summer, wash and chop very fine. Make a syrup of granulated sugar and one-half as much water flavored with vinegar. Cook and bottle in mason jars. This will

keep indefinitely when open and is always ready.

Open-Face Apple Pie.—Line a deep pie pan with pastry rather thick, cup flour, quarter and pare eight large apples, roll them in sugar and stand on end—filling crust solidly. Use one cup of sugar. Sprinkle with cinnamon and butter. Bake in a slow oven until deep brown. Serve when almost cold. Berries may be used in place of apples. In that case omit the cinnamon.

Cookies.—One cup brown sugar, one-third cup butter, one-half cup cane syrup, two eggs, one teaspoon soda, flour to make stiff batter, one teaspoon ginger. Drop from teaspoon and bake slowly.

Innumerable are the uses for paper napkins, which can be purchased at the 10-cent store at the rate of 50 for 5 cents. Buy them by the thousand to use in the country. They lighten the weekly wash, but are a great help in the kitchen, especially where there is not the convenience of running water and the dishwasher must be sparingly used. Before you put the dishes in the pan wipe each one clean with a napkin, also the skillet and top of the stove, and throw the soiled paper in the wastebasket to be burned. When the oilcloth doilies become faded and unattractive-looking, instead of purchasing new ones, substitute paper napkins. Where there is a large family many a dollar can be saved on laundry bills by their use.

Lettuce has much lime, some magnesium, considerable sodium, and a generous proportion of phosphorus.

Monday Soup.—Take one-third cup carrot, one-third cup turnip, one-half cup celery, one and one-half cups potato, one-half onion, one-third cup fat, one-half tablespoon parsley, one tablespoon salt, one-eighth teaspoon pepper, two quarts of water. Cut vegetables into cubes. Cook, except the potatoes and parsley, ten minutes in the suet. Add water and potatoes and cook one hour. Add parsley and seasonings. A soup bone may be added. Barley or rice may be cooked with the vegetables and served in the soup. Tomatoes, cabbage, peas, beans, spinach, or any other vegetable may be added as desired.

Potato Loaves.—Melt a tablespoon of butter and mix it with about a pound of mashed potatoes. Add one egg, beaten, and a little pepper and salt. Form the mixture into little cottage loaves, brush over with beaten egg, place on a baking tin and bake a golden brown.

Banana Pudding.—Place some crumbled almond macarons in individual sherbet glasses; add a layer of sliced bananas; cover with a cornstarch custard. Top with whipped cream and a cherry if you wish. Prepare some time before using.

Here's a way to keep the baby's bottle cool if you live where there is no electric refrigerator. Take a box deeper than the nursing bottle, fill the box with damp sand. Then prepare baby's bottles all ready for feeding time, tie on a piece of cheesecloth to keep out sand. Make a hole in the sand and insert the bottle. Have enough bottles to last until the next milking time, then all you have to do is to take out a bottle when baby's feeding time comes and warm it. The work is all done in the morning and saves many useless steps during the day. The box should be kept in the basement where it is cool and dark, also the sand should be dampened twice a week.

An ideal gift for a small girl from 2 to 6 years old is a doll comforter. Buy one yard of blue cutting flannel, 27 inches wide and one 10-cent ball of pink yarn. Double the cutting flannel, stitch the sides, and knot as for regular comforter. Blanket-stitch the sides and ends with remaining yarn if you like, but that's not necessary. One ball of yarn will make two such comforters, so it's a very inexpensive gift, but one that will be much appreciated by the small "mother."

Ripe Olive Sandwich.—Stone a half cupful of ripe olives; add one sweet green pepper, seeded and chopped fine. Chop all together very fine and add to cream cheese which has been mixed to a paste with French dressing. Spread and serve.

Pickled Beets.—One quart cold boiled beets sliced, one teaspoon salt, one-eighth teaspoon pepper, one teaspoon brown sugar, one teaspoon caraway seed, one pint vinegar. Boil beets, place in crock in layers, sprinkle with salt, pepper, sugar, caraway seed, if desired, and cover with vinegar.

Rice Blanc Mangle.—Mix four ounces of ground rice to a stiff paste with a half pint of rich milk. Put a pint and a half of milk into a saucepan with a stick of cinnamon and the peel of half a lemon. When hot add two tablespoons of gelatin powder dissolved in cold milk. Let come to the boiling point, then stir in the rice and a half cup of sugar. When thickened remove peel and cinnamon and pour into a wet mold. When chilled unmold and serve with whipped cream.

Boiled Salmon.—Clean and cut salmon into thick pieces. Place in a piece of cheesecloth and place in a frying basket in a kettle. The water in the kettle should be hot, but not boiling. Bring to the boiling point and then let simmer until the flesh leaves the bone. Enough

salt should be used to season, and lemon juice to keep the flesh white. When done remove the skin. Garnish the platter with slices of lemon and sprigs of parsley. Serve with Hollandaise sauce made as follows:

Hollandaise Sauce.—Wash out one-half a cup of butter, place in a bowl of cold water and crushing with a spoon. Place a third of the butter in a double boiler with the yolks of two eggs and one tablespoon lemon juice, stirring until butter is melted, then adding another third of the butter and then the last portion as the mixture thickens. Mix with one-third cup boiling water, one-quarter teaspoon of salt, and a few grains of cayenne.

French Dressing.—One teaspoon salt, one-quarter teaspoon mustard, one-eighth teaspoon pepper, two tablespoons sugar, one tablespoon onions chopped fine, two to four tablespoons vinegar or lemon juice. Mix and season as desired. Very cold, and pour over salad just before serving. If vinegar is very strong add water.

Two-Crust Apple Pie.—Just before slipping it into the oven to bake dip your pastry knife into shortening and with it spread a thin coat over the entire pie-top. Will make the crust more tender and help it to brown nicely.

Artificial flowers that have become worn and soiled can be easily renewed by brushing the petals

NOTICE CALLING FOR BIDS ON REAL PROPERTY LEASE

The Board of Trustees of the City of Torrance hereby invites sealed proposals for the leasing of the property hereinafter described for the purpose of extracting therefrom clay for use in manufacture of brick and kindred substances. Reference is hereby made to a form of lease on said property which was approved by the Board of Trustees of the City of Torrance on February 15, 1926, for further particulars regard the form of lease to be entered into by the successful bidder. Each bid must be accompanied by certified check for \$2000.00, payable to the City Treasurer of the City of Torrance, as evidence of good faith and as a guarantee that the bidder will execute the said lease within ten days after acceptance of his bid in case his bid be accepted. Each bid must recite that the bidder offers to enter into the lease in the form above referred to on file with the City Clerk of the City of Torrance and must specify the number of cents per ton which the bidder agrees to pay for all clay removed from said property.

Unless the successful bidder shall enter into said lease within ten days after the acceptance of his bid by the Board of Trustees of the City of Torrance the certified check for \$2000.00 above referred to shall be paid over to the City Treasurer of the City of Torrance for the General Fund of said city as liquidated damages for such failure. Upon the signing of the said lease by the successful bidder the said certified check will be credited as part of the advance payment of rentals provided for in said lease.

The property above referred to is described as follows: That portion of the 2279.35 acre tract of land allotted to Ana Josefa Dominguez de Guyer by final decree of partition, of a portion of the Rancho San Pedro, had in Case No. 3284, in the Superior Court of the County of Los Angeles, State of California, and more particularly described as follows:

Beginning at a point in the south line of Plaza del Amo, as deeded to the City of Torrance by deed recorded in Book 1611, page 269, official records, Los Angeles County, California, said point of beginning being South 73° 40' 30" East 656.51 feet from the Northeastly corner of Tract 3758, as recorded in Map Book 41, at pages 26 and 27 of maps, in the office of the County Recorder, Los Angeles County, California; thence from this point of beginning South 73° 40' 30" East along the southerly line of above referred to Plaza del Amo 420.17 feet; thence South 0° 34' 10" East 354.17 feet to a point; thence South 25° 50' West 350.45 feet; thence North 73° 40' 30" West 137.75 feet; thence North 16° 19' 30" East 440.75 feet to point of beginning.

Excepting and reserving to Fred C. Carlson and Dominguez Land Corporation equal shares, and their successors, lessees and assigns, all the oil, gas, asphaltum, petroleum and other hydrocarbon substances in and under the above described premises, together with the right and privilege of entering upon said land for the purpose of exploring, and producing, and removing all such substances in the manner provided for in the judgment in consolidated cases No. 106856 and No. 185147, Superior Court of Los Angeles County, which said judgment was entered August 11, 1924, in Book 570, page 30, records of the County Clerk of Los Angeles County.

Subject also to the provision of a certain oil lease to Petroleum Midway Company, Ltd. Said bids shall be delivered to the clerk of the Board of Trustees of said City on or before 7:00 o'clock P. M. on Monday, the 15th day of March, 1926. Bids will be opened on said day and hour. The Board of Trustees reserve the right to reject any and all bids. Dated, Torrance, California, 15th day of February, 1926. By order of the Board of Trustees of the City of Torrance. A. H. BARTLETT, City Clerk of the City of Torrance.

with oil paint mixed with gasoline.

To fit any candle to any holder, dip it for a moment into very hot water. This will soften the wax so that it can be easily inserted.

A tiny corner of mint planted with the rest of the garden will furnish mint sauce for lamb, mint flavorings for jellies, and a pleasing garnish for summer drinks.

Famous Austrian Surgeon Restored by Gland Treatment

Dr. Lorenz, famous Austrian surgeon, according to a recent press dispatch, has submitted himself to glandular treatment. This treatment, according to the doctor's own statement, has restored him to the health and vigor of his earlier days, and he is highly enthusiastic about this new branch of medical science.

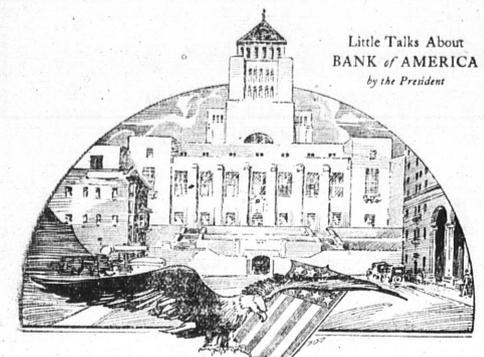

Thousands of men and women who are lacking in health and energy, are taking advantage of science's most recent discovery and are using Glandogen, a highly concentrated glandular tonic, in convenient tablet-form, prepared from the glands of healthy young animals. Glandogen has had remarkable success in the treatment of run-down, nervous individuals. Accept no substitutes. Insist on genuine Glandogen, the original gland tonic.

Concrete is the aristocrat of pavements

News from Los Angeles About Concrete Streets

Los Angeles now has more concrete streets than any other city in the country—a total of over 220 miles. And they are directly linked with several thousand miles of concrete roads in California, thus forming an extension of one of the most famous highway systems in the world.

Motor traffic from every section of the state flows along these sturdy streets all day and far into the night. This includes countless automobiles, huge trucks loaded to capacity, and busses built like Pullmans.

Only streets paved as the knowledge and experience of the modern highway builder directs could long withstand this punishment. The concrete streets of Los Angeles are doing so year after year.

They are also meeting the stern demand of skid-free safety—even on the steepest grades.

And concrete is the preferred pavement in the residential sections, as well as in the industrial. For its attractive, light gray color makes it the finest looking pavement money can buy, it is always clean and neat, and it always has a true, even surface.

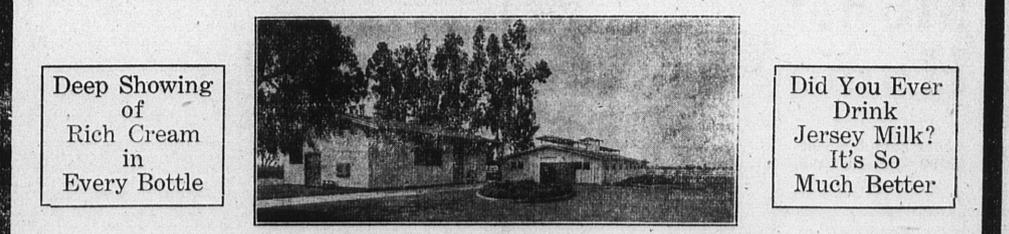

These are some of the reasons why Los Angeles and hundreds of other alert cities are laying concrete streets, and will lay more.

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy.
